Power supply | 24V | 200W | IP67 | DC plug

Article number: 215-304

This sturdy LED driver works on the basis of 24V output voltage and features a maximum output of 200W. Using the DC connection plug, it is also possible to connect this driver to 24V tree lights.

Features

- IP67 waterproof
- 200-240V in and 24V out
- Sturdy frame for outdoor use

Specifications

Input voltage	220-240V	IP rate	IP67	Maximum temperature	80°C
Maximum Power	200 Watt	Length	230 mm	housing	
Output voltage	24 Volt	Width	130 mm	Isolation	SELV
Dimmable	No	Height	60 mm	Certification mark	CE
Protocol	N/a	Cable length	"110 20 cm"	Standards	EN 61347-2-13, EN 55015, EN 61000-3-2
Power factor	>0.90	Connection type	DC plug		Class C, EN 61547
Working temperature	-20°C / +40°C	Housing color	Zwart	Warranty	5 years
