Track spot | 3-phase | black | 20W | 930-935-940 | 45° | dim

Article number: 169-292

The Driver of this dimmable Trackspot is located in the Trackadaptor, so the heat from both the LEDs and the Driver can be dissipated separately. This ensures good heat dissipation and a longer lifespan.

Rails & accessories - 3 phase track

Tronix Lighting offers a wide and diverse range in terms of 3 phase tracks and matching accessories. Each product is available in matching colors for a beautiful, customized result.

Features

- High heat dissipation through separate LEDs and Driver
- Dimmable

Specifications

Type	Track Spots	LED quantity	1	Diameter	Ø 80 mm
Input voltage	220-240V	Lifetime	>50.000 hours	Connection type	3-phase adaptor
Power	20 Watt	CRI value	>90	Housing material	Aluminium
Luminous flux	1600 Lm	Driver	Incl. internal driver	Housing color	Black
Color temperature	3-CCT	Power factor	>0.9	Certification mark	CE, RoHS
Light color	3000K, 3500K and 4000K	Beam angle	45°	Warranty	5 years
Dimmable	Yes	IP rate	IP20		
LED type	SMD	Length	186 mm
