Article number: 018-522

Pro system modular 36V is a low voltage modular lighting system for creating safe lighting designs in public places such as neighborhood parks, shopping centers and squares.

Are you already familiar with Tronix pro system modular 36V? Then you are probably also aware of the endless possibilities in lighting design and applications!

Features

- IP44
- Safe lighting designs due to the low voltage 36V
- Advanced material composition for an even longer life and greater ease of use
- Max. 50 meters in one single length. Connect more lengths to one power supply? Then work with dividers to create multiple lengths of max. 50 meters each.

Specifications

Type	Light string	LED quantity in total	100	Power supply	Not included
Input voltage	36V	LED distance	10 cm	Length	10 meter
Power	6,8 Watt	Nr. of strings	1	Material	PVC
(Wire) color	Black	Connectable	Yes	Carton quantity	20
Color temperature	2400K	End caps	Included	Certification mark	CE, RoHS
Light color	Warm white +	IP rate	IP44	Warranty	2 years
