

LED strip | COB | 10W/m | IP20 | 2200K | free cuttable

Article number: 127-169

This COB LED strip provides a continuous light line with no visible diodes. Freely cuttable for ultimate flexibility. Available in color temperatures from 2200K to 6500K, IP20 or IP65, and lengths of 5 or 50 meters.

Key product features:

- Beam angle (°): 180
- Lamp power per meter (W): 10
- Color temperature (K): 2200
- Protection class (IP): IP20
- Luminous flux per meter (lm): 920
- Total length (m): 5

Specifications

Type	LED strip	LED type	COB	Height	2 mm
Input voltage	24 Volt	Dimmable	Yes	Cutting distance	Free cutting
Power	10 Watt p/m	Beam angle	180°	Maximum to connect	5 meter
Luminous flux	920 Lm p/m	CRI value	>90	Connection type	Stripped wire, 2 sides
Color temperature	2200K	IP rate	IP20	Color PCB	White
Light color	Warm white +	Length	5 meter	Certification mark	CE, RoHS
LED quantity	480 p/m	Width	8 mm	Garantie	3 years
