UFO high bay | 150 watt | 190 Lm/W | 5000K | 90°

Article number: 950-111

This UFO high bay features an extremely high luminous flux efficiency versus a consumption of 150 watts. Each high bay is equipped with a 90° lens, but can be adjusted using various accessories. As a result, you always have a customized high bay at your disposal, regardless of the intended location.

Features

- Each UFO high bay consists of a base and a 90° lens
- Fresh color temperature with 5000K
- Optionally available: 120 ° reflector (950-113 and 950-114) or 120° lens (950-112)
- Very high luminous efficiency: 190 Lm / W
- High luminous flux (19.000 lumens) ideal for warehouses or other high spaces

Specifications

Type	High Bay Ufo	CRI value	>70	Height	186 mm (incl. hook)
Input voltage	100-240V	LED type	SMD2835	Cable length	100 cm
Power	150 Watt	Driver	Included	Connection type	Schuko plug
Luminous flux	28.500 Lm	Power factor	>0.93	Housing material	Aluminium
Luminous efficiency	190 Lm/W	Flicker-free	Yes	Housing color	Black
Color temperature	5000K	Beam angle	90° (optional 120°)	Certification mark	CE, RoHS
Light color	Cold white	IP rate	IP65	Warranty	5 years
Dimming method	Not dimmable	Working temperature	-30C° +50C°		
Lifetime	L90B50 (50.000 uur)	Diameter	360 mm
