## Remote for sensor motion (950-115) for UFO high bay 190Lm/W

Article number: 950-116

This remote control is the partner for the 950-115 motion sensor for the Tronix UFO high bay 190 Lm/W collection. Using this remote control, you can set the sensor entirely as you wish, through means of time, lux value or sensitivity.

This remote control requires motion sensor 950-115.

### Features

- Choice of detection methods: Sensitivity (motion), lux value (daylight), time and operation time
- Ability to dim the light of the high bay, possibly after a certain amount of time
